

## PART A — MODULE 1 QUESTIONS

RW8-M1-001

Prompt:

Writer Zitkala-Ša published essays, stories, and political writings in the early twentieth century. She also worked to protect Native rights and to preserve Dakota language and culture. Because her work crossed literary, musical, educational, and activist fields, scholars often describe her career as \_\_\_\_\_.

Question:

Which choice completes the text with the most logical and precise word?

- A) brief
- B) varied
- C) accidental
- D) secret

RW8-M1-002

Prompt:

Blue mussels are small shellfish that feed by filtering tiny particles from seawater. As they feed, they can remove some algae and suspended matter from the water. For this reason, large groups of mussels can sometimes improve water clarity in coastal areas.

Question:

Which choice best states the main idea of the text?

- A) Blue mussels can help make coastal water clearer by filtering particles as they feed.
- B) Blue mussels avoid living in coastal areas where algae are present.
- C) Seawater becomes cloudy only when shellfish stop feeding.
- D) Large groups of mussels prevent all algae from growing in the ocean.

RW8-M1-003

Prompt:

The schedule for the student film festival \_\_\_\_\_ three short documentaries and two animated films.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) list
- B) lists
- C) listing
- D) have listed

RW8-M1-004

Prompt:

A student recorded the number of tickets sold for four school performances.

Performance | Tickets sold

Thursday matinee | 86

Friday evening | 124

Saturday matinee | 112

Saturday evening | 138

Question:

Which choice is supported by the data in the table?

- A) The Saturday evening performance sold the most tickets.

- B) The Thursday matinee sold more tickets than the Friday evening performance.
- C) The two matinee performances sold the same number of tickets.
- D) No performance sold more than 124 tickets.

RW8-M1-005

Prompt:

At first, Priya thought the old family camera would be useless because its lens was scratched. But when she developed her first roll of film, she saw that the scratches created soft streaks of light around every window and streetlamp. Instead of replacing the camera, she began using it for night photographs.

Question:

Which choice best describes what happens in the text?

- A) Priya discovers that a flaw in the camera can create an effect she likes.
- B) Priya refuses to develop the film because the camera is old.
- C) Priya repairs the camera lens before taking any photographs.
- D) Priya decides that night photographs should never include light.

RW8-M1-006

Prompt:

In a passage about early public clocks, a historian explains that clock towers were often placed in busy town centers. The historian adds, “Because many people did not own personal watches, a public clock helped workers, travelers, and shopkeepers coordinate their daily schedules.”

Question:

What is the main function of the quoted sentence?

- A) It explains why public clocks were useful to many people.
- B) It argues that shopkeepers were responsible for building clock towers.
- C) It describes the tools used to repair public clocks.
- D) It shows that personal watches were common in every household.

RW8-M1-007

Prompt:

The town’s summer reading program includes book discussions and author visits. \_\_\_\_\_ it offers weekly storytelling sessions for younger children.

Question:

Which choice completes the text with the most logical transition?

- A) In addition,
- B) However,
- C) For this reason,
- D) Instead,

RW8-M1-008

Prompt:

The student’s report discusses the vaquita, \_\_\_\_\_ small porpoise found in the Gulf of California.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) a
- B) an
- C) the
- D) those

RW8-M1-009

Prompt:

After the committee reviewed the proposal, \_\_\_\_\_ sent a revised version to the principal.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) they
- B) them
- C) its
- D) it

RW8-M1-010

Prompt:

While researching a topic, a student has taken the following notes:

- Mary Anning was a fossil collector in nineteenth-century England.
- She found important marine reptile fossils along the coast near Lyme Regis.
- Her discoveries helped scientists study prehistoric life.
- Anning had limited formal scientific recognition during her lifetime.
- Today she is often discussed as an important figure in paleontology.

The student wants to introduce Anning and explain the importance of her discoveries. Which choice most effectively uses relevant information from the notes?

- A) Mary Anning, a nineteenth-century fossil collector, found marine reptile fossils that helped scientists study prehistoric life.
- B) Mary Anning lived near Lyme Regis, a coastal area in England.
- C) Fossil collectors sometimes search along cliffs, beaches, and rocky shorelines.
- D) Mary Anning received limited formal scientific recognition during her lifetime.

RW8-M1-011

Prompt:

The new cafeteria menu includes several vegetarian meals. \_\_\_\_\_ students who do not eat meat now have more lunch options.

Question:

Which choice completes the text with the most logical transition?

- A) As a result,
- B) For example,
- C) On the other hand,
- D) Earlier,

RW8-M1-012

Prompt:

The following text is from a draft of a student's essay.

(1) A school weather station can collect local temperature, rainfall, and wind data. (2) Students can use those measurements in science and math lessons. (3) They may graph daily temperatures or compare rainfall totals from different months. (4) A weather station can therefore turn local conditions into useful classroom data.

Question:

To make the paragraph most logical, sentence 3 should be placed

- A) where it is now.

- B) before sentence 1.
- C) after sentence 4.
- D) between sentence 1 and sentence 2.

RW8-M1-013

Prompt:

Last night, the jazz ensemble \_\_\_\_\_ three songs at the community concert.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) plays
- B) played
- C) will play
- D) playing

RW8-M1-014

Prompt:

\_\_\_\_\_ with colorful thread, the cloth badge showed the school's new logo.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) Embroidered
- B) Embroidering
- C) To embroider
- D) Embroider

RW8-M1-015

Prompt:

The field trip was rescheduled \_\_\_\_\_ the museum was closed for repairs.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) rescheduled, the museum
- B) rescheduled because the museum
- C) rescheduled; because the museum
- D) rescheduled, because, the museum

RW8-M1-016

Prompt:

To study how students move through the cafeteria line, the principal recorded the time needed to serve each table. She hoped to \_\_\_\_\_ delays and improve the lunch schedule.

Question:

Which choice completes the text with the most logical and precise word?

- A) locate
- B) decorate
- C) borrow
- D) forget

RW8-M1-017

Prompt:

Some communities create "little free pantries," small outdoor boxes where people can leave or take canned food, soap, and other basic supplies. Because the pantries are open throughout the day, they can provide quick access to needed items without requiring a formal appointment.

Question:

Which choice best states the main idea of the text?

- A) Little free pantries can make basic supplies more accessible to community members.
- B) Little free pantries are used only to store items that no one needs.
- C) Communities build little free pantries mainly to replace grocery stores completely.
- D) Outdoor boxes cannot be used to share canned food or soap.

RW8-M1-018

Prompt:

Botanists studying water lilies note that the plants have broad, flat leaves that float on the surface of ponds. These leaves can capture sunlight while also spreading the plant's weight across the water.

Question:

According to the text, what is one function of water lilies' broad, flat leaves?

- A) They help the plants capture sunlight at the water's surface.
- B) They allow the plants to grow only in dry soil.
- C) They prevent ponds from containing any other plants.
- D) They help the plants move quickly from one pond to another.

RW8-M1-019

Prompt:

A student is revising the following sentence.

The school launched a lunchtime tutoring table, and students can visit it to ask questions, review homework, or study for quizzes.

Question:

Which choice best combines the ideas clearly and concisely?

- A) The school launched a lunchtime tutoring table where students can ask questions, review homework, or study for quizzes.
- B) The school launched a lunchtime tutoring table, students can visit it to ask questions, review homework, or study for quizzes.
- C) The school launched a lunchtime tutoring table and asking questions, reviewing homework, or studying for quizzes.
- D) The school launched a lunchtime tutoring table because students, questions, homework, and quizzes.

RW8-M1-020

Prompt:

While researching a topic, a student has taken the following notes:

- Guillermo González Camarena was a Mexican engineer and inventor.
- He developed an early color television system.
- He received a patent for his system in 1942.
- His work contributed to the development of television technology.
- He also promoted educational uses of television.

The student wants to introduce González Camarena and his technical achievement. Which choice most effectively uses relevant information from the notes?

- A) Guillermo González Camarena, a Mexican engineer and inventor, developed an early color television system and received a patent for it in 1942.
- B) Television has been used for entertainment, education, news, and public communication.
- C) Guillermo González Camarena promoted educational television, and many schools use video

today.

D) Patents are documents that can recognize inventions and technical designs.

RW8-M1-021

Prompt:

A student recorded the number of minutes four students spent reading during independent reading time.

| Student | Minutes read |
|---------|--------------|
| Harper  | 28           |
| Omar    | 34           |
| Lina    | 31           |
| Ethan   | 25           |

Question:

Which choice is supported by the data in the table?

- A) Omar read for the greatest number of minutes.
- B) Ethan read for more minutes than Harper.
- C) Lina and Harper read for the same number of minutes.
- D) No student read for more than 31 minutes.

RW8-M1-022

Prompt:

In a paragraph about classroom debate activities, a writer states, “Students researched evidence, practiced opening statements, listened to opposing arguments, and revised their responses.”

Question:

What is the most likely purpose of the sentence?

- A) To give examples of skills students practice during debate activities
- B) To explain why students should never revise their responses
- C) To argue that opening statements are unrelated to debate
- D) To compare classroom debates with silent reading time

RW8-M1-023

Prompt:

The novel \_\_\_\_\_ we discussed in class is set in a small town during the 1940s.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) that
- B) who
- C) where
- D) when

RW8-M1-024

Prompt:

The program encourages students to ask questions, to test solutions, and \_\_\_\_\_ from unexpected results.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) learning
- B) to learn

- C) learned
- D) the learning of

RW8-M1-025

Prompt:

The first version of the poster used very small print, so the designer increased the font size to make the message more \_\_\_\_\_.

Question:

Which choice completes the text with the most logical and precise word?

- A) readable
- B) distant
- C) accidental
- D) crowded

RW8-M1-026

Prompt:

A student wants to begin an essay about the importance of protecting wetlands. Which choice would be the most effective opening sentence for the essay?

- A) Wetlands provide habitat for wildlife, filter water, and help reduce flooding in nearby areas.
- B) Some wetlands have muddy ground, while others have shallow standing water.
- C) A wetland is an area that may contain water for part or all of the year.
- D) My class once visited a wetland on a cloudy morning.

RW8-M1-027

Prompt:

The school installed signs pointing to the main office, cafeteria, and gym. \_\_\_\_\_ visitors could find important locations more easily.

Question:

Which choice completes the text with the most logical transition?

- A) Consequently,
- B) Nevertheless,
- C) For example,
- D) In comparison,

## PART B — MODULE 2 QUESTIONS

RW8-M2-001

Prompt:

Visual artist Wangechi Mutu often combines drawing, collage, and sculpture to create figures that seem both human and fantastical. Because her works bring together materials and images from many sources, they can unsettle simple categories such as natural and artificial or beautiful and strange. Mutu's art therefore often \_\_\_\_\_ fixed boundaries.

Question:

Which choice completes the text with the most logical and precise word?

- A) challenges
- B) measures
- C) repeats
- D) conceals

RW8-M2-002

Prompt:

Scientists studying ancient lake beds sometimes examine layers of diatoms, microscopic algae with glasslike shells. Different diatom species thrive in different water conditions, such as fresh, salty, shallow, or deep water. As a result, changes in diatom layers can help researchers infer how a lake's environment changed over time.

Question:

Which choice best states the main idea of the text?

- A) Diatom layers in ancient lake beds can help scientists study past changes in lake environments.
- B) Diatoms are useful to scientists because all species live in exactly the same conditions.
- C) Ancient lake beds cannot preserve evidence of microscopic organisms.
- D) Scientists examine diatoms mainly to determine the age of modern oceans.

RW8-M2-003

Prompt:

Some cities have introduced “quiet hours” in public recreation centers, during which music is lowered and bright lights are dimmed. These changes can make the centers more comfortable for visitors sensitive to noise or light. However, staff must clearly announce the schedule so other visitors know when regular activities will resume.

Question:

Which choice is the best inference from the text?

- A) Quiet hours can improve access for some visitors, but they require clear communication.
- B) Quiet hours prevent recreation centers from serving visitors who are sensitive to noise.
- C) Recreation centers can be comfortable only when all lights are turned off.
- D) Staff announcements are unnecessary when a public schedule changes.

RW8-M2-004

Prompt:

A student's draft about historian Laurel Thatcher Ulrich includes the following sentences.

Ulrich has studied diaries, household records, and other documents that earlier historians sometimes considered too ordinary to be important. Her work shows that everyday sources can reveal how people experienced major historical changes in daily life.

Question:

What is the main function of the second sentence in the text?

- A) It explains the historical value of the ordinary sources Ulrich studies.
- B) It argues that household records are less reliable than official laws.
- C) It lists every diary Ulrich has studied.
- D) It shows that everyday sources cannot connect to major historical events.

RW8-M2-005

Prompt:

A researcher compared the average number of minutes students spent using four school wellness resources before and after a new awareness campaign.

Resource | Before campaign | After campaign

Counseling office drop-in hours | 15 | 23

Meditation room | 12 | 18

Peer support group | 20 | 26

Online wellness articles | 29 | 21

Question:

Which choice best describes the data?

- A) Students spent more time using drop-in hours, the meditation room, and the peer support group after the campaign, but less time using online wellness articles.
- B) Students spent less time using all four wellness resources after the campaign.
- C) Online wellness articles had the greatest increase after the campaign.
- D) The meditation room and peer support group had the same time after the campaign.

RW8-M2-006

Prompt:

A restored historic theater may attract visitors and support nearby businesses. \_\_\_\_\_ restoration can be expensive, especially when builders must preserve original materials while meeting modern safety standards.

Question:

Which choice completes the text with the most logical transition?

- A) However,
- B) Similarly,
- C) For example,
- D) Therefore,

RW8-M2-007

Prompt:

The workshop focuses on three elements of documentary filmmaking \_\_\_\_\_ interviews, archival images, and narration.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) filmmaking
- B) filmmaking:
- C) filmmaking,
- D) filmmaking;

RW8-M2-008

Prompt:

Walking through the greenhouse after the automatic sprinklers shut off, \_\_\_\_\_.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) droplets of water sparkled on the tomato leaves
- B) the tomato leaves had sparkling droplets of water
- C) the gardener noticed droplets of water sparkling on the tomato leaves
- D) there were droplets of water sparkling on the tomato leaves

RW8-M2-009

Prompt:

The historian interviewed the museum curator after the exhibit opened, and \_\_\_\_\_ agreed that the display needed a clearer timeline.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English and avoids ambiguity?

- A) they
- B) the historian
- C) she
- D) it

RW8-M2-010

Prompt:

By the time the robotics competition began, the team \_\_\_\_\_ its final software test.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) runs
- B) has run
- C) had run
- D) running

RW8-M2-011

Prompt:

While researching a topic, a student has taken the following notes:

- Frances Glessner Lee created detailed miniature crime-scene models.
- The models were used to train investigators.
- Lee carefully included clues, room layouts, and everyday objects.
- Trainees practiced observing evidence and forming careful conclusions.
- Lee’s work helped professionalize forensic investigation.

The student wants to explain the training purpose of Lee’s models. Which choice most effectively uses relevant information from the notes?

- A) Frances Glessner Lee created miniature crime-scene models that trained investigators to observe evidence carefully and form conclusions.
- B) Frances Glessner Lee included room layouts and everyday objects in her models.
- C) Forensic investigation is one field in which observation can be important.
- D) Miniature models can show small versions of rooms, furniture, and objects.

RW8-M2-012

Prompt:

A student is revising an essay about installing bird-safe glass on school buildings. The student wants to add a sentence that explains a possible advantage of bird-safe glass. Which choice best accomplishes this goal?

- A) Bird-safe glass can reduce collisions by making windows more visible to birds in flight.
- B) School buildings may have windows in classrooms, hallways, gyms, and offices.
- C) Glass can be made in many sizes, shapes, and levels of thickness.
- D) Some schools replace windows during major renovation projects.

RW8-M2-013

Prompt:

The following text is from a draft of a student’s essay.

(1) Some researchers study “soundscapes,” or the collection of sounds in a place. (2) In a forest, a soundscape might include bird calls, insect sounds, wind, and flowing water. (3) Changes in a soundscape can signal changes in animal activity or human disturbance. (4) Recording soundscapes over time can therefore help scientists monitor ecosystems.

Question:

Where should the following sentence be placed to best support the logical flow of the paragraph?

This term can apply to both natural and built environments.

- A) After sentence 1
- B) After sentence 2
- C) After sentence 3
- D) After sentence 4

RW8-M2-014

Prompt:

The critic's review of the album was not \_\_\_\_\_; although she admired several songs, she also explained where she thought the lyrics were repetitive.

Question:

Which choice completes the text with the most logical and precise word?

- A) uncritical
- B) musical
- C) recent
- D) public

RW8-M2-015

Prompt:

Researchers studying urban gardens found that gardens with a greater variety of flowering plants attracted more species of bees than gardens with only one or two flower types. The researchers concluded that planting diverse flowers may help support bee diversity in cities.

Question:

Which choice best describes the relationship between the evidence and the researchers' conclusion?

- A) The greater number of bee species in gardens with varied flowers supports the conclusion that flower diversity may support bee diversity.
- B) The evidence proves that bees avoid all urban gardens with flowers.
- C) The conclusion rejects the idea that bees visit flowering plants.
- D) The evidence shows that gardens with one flower type always attract the most bee species.

RW8-M2-016

Prompt:

The website lists the application deadlines, \_\_\_\_\_ it also provides links to required forms.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) deadlines, it
- B) deadlines and
- C) deadlines; and
- D) deadlines, and

RW8-M2-017

Prompt:

A product designer tested two handle shapes for a reusable water bottle. Volunteers carried equal-weight bottles with Handle A and Handle B for the same distance, then rated comfort on a survey. Handle B received higher average comfort ratings than Handle A.

Question:

Which conclusion is best supported by the text?

- A) Under the conditions tested, Handle B was rated more comfortable than Handle A.
- B) Handle A cannot be attached to any reusable water bottle.
- C) Volunteers carried bottles with different amounts of water.
- D) Comfort ratings cannot be collected through surveys.

RW8-M2-018

Prompt:

The article first explains that some schools use restorative circles to help students discuss conflicts. \_\_\_\_\_ it describes one school where the practice reduced repeated classroom disruptions.

Question:

Which choice completes the text with the most logical transition?

- A) Then,
- B) Even so,
- C) In contrast,
- D) Nevertheless,

RW8-M2-019

Prompt:

The box of donated art supplies \_\_\_\_\_ watercolor paints, sketchbooks, brushes, and clay tools.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) contain
- B) contains
- C) containing
- D) are containing

RW8-M2-020

Prompt:

The \_\_\_\_\_ web stretched between two fence posts and glittered with dew in the morning light.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) spider's
- B) spiders
- C) spiders'
- D) spideres'

RW8-M2-021

Prompt:

While researching a topic, a student has taken the following notes:

- The Port Chicago disaster occurred in California in 1944.
- An explosion at a naval munitions facility killed hundreds of people, many of them Black sailors.
- After the disaster, some surviving sailors refused to continue unsafe loading work.
- The sailors faced court-martial.
- The event drew attention to discrimination and unsafe conditions in the US military.

The student wants to explain the broader significance of the Port Chicago disaster. Which choice most effectively uses relevant information from the notes?

- A) The Port Chicago disaster drew attention to discrimination and unsafe working conditions after an explosion killed hundreds at a naval munitions facility.
- B) The Port Chicago disaster occurred in California during World War II in 1944.
- C) Some sailors at Port Chicago worked at a naval munitions facility before the explosion.
- D) Court-martial is a military legal process used in some cases involving service members.

RW8-M2-022

Prompt:

A student is revising the following sentence.

The city's tool-repair van travels to different neighborhoods, and technicians help residents fix broken items.

The student wants to emphasize that the van both increases access to repair services and reduces waste. Which choice best revises the sentence to accomplish this goal?

- A) By traveling to different neighborhoods and helping residents fix broken items, the city's tool-repair van makes repair services easier to access while reducing waste.
- B) The city's tool-repair van is a van that goes to neighborhoods, and technicians are inside it.
- C) Broken items can be fixed by technicians, who sometimes travel in vans owned by the city.
- D) Residents in different neighborhoods may own items that break and need repairs.

RW8-M2-023

Prompt:

Leah found a roll of fabric in her grandmother's sewing basket, its blue pattern faded where the sun had reached it. She had never seen the fabric made into anything, but she remembered the basket sitting beside her grandmother's chair every evening. Holding the cloth, Leah felt as though she had found a plan that had been waiting quietly for years.

Question:

Which choice best describes what the text suggests about Leah?

- A) The fabric makes her imagine continuing something connected to her grandmother.
- B) She thinks the fabric should be thrown away because its color has faded.
- C) She remembers seeing the fabric used in many finished clothes.
- D) She dislikes sewing baskets because they take up too much space.

RW8-M2-024

Prompt:

The scientist arranged the samples in labeled trays, \_\_\_\_\_ the comparison between them easier to follow.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) making
- B) made
- C) makes
- D) and making

RW8-M2-025

Prompt:

Because the poem contains several unfamiliar regional expressions, the teacher provided a glossary to \_\_\_\_\_ their meanings.

Question:

Which choice completes the text with the most logical and precise word?

- A) clarify
- B) imitate
- C) postpone
- D) erase

RW8-M2-026

Prompt:

The guide explains three ways to prepare for a job interview: researching the organization, practicing answers to common questions, and \_\_\_\_\_.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) preparing thoughtful questions for the interviewer
- B) thoughtful questions were prepared for the interviewer
- C) to prepare thoughtful questions for the interviewer
- D) prepared thoughtful questions for the interviewer

RW8-M2-027

Prompt:

While researching a topic, a student has taken the following notes:

- Barn owls hunt small rodents in fields and grasslands.
- Farmers sometimes install nest boxes to attract barn owls.
- A pair of barn owls may feed many rodents to their young during nesting season.
- Reducing rodent numbers can help protect stored grain and crops.
- Nest boxes can provide nesting sites where natural cavities are limited.

The student wants to explain how barn owl nest boxes can benefit farms. Which choice most effectively uses relevant information from the notes?

- A) Barn owl nest boxes can attract owls that hunt rodents, helping reduce animals that may damage stored grain and crops.
- B) Barn owls live in fields and grasslands and may nest in cavities or boxes.
- C) A pair of barn owls can have young during nesting season.
- D) Farmers use many methods to protect stored grain, crops, and farm buildings.

## PART C — MODULE 1 ANSWER KEY + EXPLANATIONS

RW8-M1-001 — Correct: varied — Explanation: The text says Zitkala-Ša worked across literary, musical, educational, and activist fields, so “varied” is most precise.

RW8-M1-002 — Correct: Blue mussels can help make coastal water clearer by filtering particles as they feed. — Explanation: The passage explains that mussels remove particles as they feed, which can improve water clarity.

RW8-M1-003 — Correct: lists — Explanation: The singular subject “schedule” requires the singular verb “lists.”

RW8-M1-004 — Correct: The Saturday evening performance sold the most tickets. — Explanation: Saturday evening sold 138 tickets, more than the other performances.

RW8-M1-005 — Correct: Priya discovers that a flaw in the camera can create an effect she likes. — Explanation: Priya first thinks the scratched lens is a problem but later uses the light streaks creatively.

RW8-M1-006 — Correct: It explains why public clocks were useful to many people. — Explanation: The quoted sentence explains that public clocks helped people without watches coordinate schedules.

RW8-M1-007 — Correct: In addition, — Explanation: The second sentence adds another feature of the summer reading program.

RW8-M1-008 — Correct: a — Explanation: “Small porpoise” begins with a consonant sound, so “a” is correct.

RW8-M1-009 — Correct: it — Explanation: The singular pronoun “it” correctly refers to the

proposal.

RW8-M1-010 — Correct: Mary Anning, a nineteenth-century fossil collector, found marine reptile fossils that helped scientists study prehistoric life. — Explanation: This choice introduces Anning and explains why her discoveries mattered.

RW8-M1-011 — Correct: As a result, — Explanation: More lunch options for students who do not eat meat is an effect of adding vegetarian meals.

RW8-M1-012 — Correct: where it is now. — Explanation: Sentence 3 gives specific examples of how students can use the measurements introduced in sentence 2.

RW8-M1-013 — Correct: played — Explanation: “Last night” requires the past-tense verb “played.”

RW8-M1-014 — Correct: Embroidered — Explanation: “Embroidered with colorful thread” correctly modifies “the cloth badge.”

RW8-M1-015 — Correct: rescheduled because the museum — Explanation: “Because” correctly introduces the reason the field trip was rescheduled.

RW8-M1-016 — Correct: locate — Explanation: The principal wants to find where delays occur in the cafeteria line.

RW8-M1-017 — Correct: Little free pantries can make basic supplies more accessible to community members. — Explanation: The passage explains that pantries provide quick access to basic supplies throughout the day.

RW8-M1-018 — Correct: They help the plants capture sunlight at the water’s surface. — Explanation: The text says the leaves float on the surface and capture sunlight.

RW8-M1-019 — Correct: The school launched a lunchtime tutoring table where students can ask questions, review homework, or study for quizzes. — Explanation: This choice combines the ideas clearly and avoids a comma splice.

RW8-M1-020 — Correct: Guillermo González Camarena, a Mexican engineer and inventor, developed an early color television system and received a patent for it in 1942. — Explanation: This choice introduces González Camarena and identifies his technical achievement.

RW8-M1-021 — Correct: Omar read for the greatest number of minutes. — Explanation: Omar read for 34 minutes, more than Harper, Lina, or Ethan.

RW8-M1-022 — Correct: To give examples of skills students practice during debate activities — Explanation: The sentence lists debate-related skills: researching, practicing statements, listening, and revising responses.

RW8-M1-023 — Correct: that — Explanation: “That” correctly introduces the clause identifying which novel is set in the small town.

RW8-M1-024 — Correct: to learn — Explanation: The phrase completes the parallel structure: “to ask,” “to test,” and “to learn.”

RW8-M1-025 — Correct: readable — Explanation: Increasing the font size makes the poster easier to read.

RW8-M1-026 — Correct: Wetlands provide habitat for wildlife, filter water, and help reduce flooding in nearby areas. — Explanation: This sentence clearly introduces the essay’s focus on the importance of protecting wetlands.

RW8-M1-027 — Correct: Consequently, — Explanation: Visitors’ improved ability to find locations is presented as an effect of installing signs.

## PART D — MODULE 2 ANSWER KEY + EXPLANATIONS

RW8-M2-001 — Correct: challenges — Explanation: Mutu’s work unsettles simple categories and fixed boundaries, so “challenges” is most precise.

RW8-M2-002 — Correct: Diatom layers in ancient lake beds can help scientists study past changes in lake environments. — Explanation: The passage explains that different diatom species indicate different water conditions over time.

RW8-M2-003 — Correct: Quiet hours can improve access for some visitors, but they require clear communication. — Explanation: The text says quiet hours can help noise- or light-sensitive visitors but must be clearly announced.

RW8-M2-004 — Correct: It explains the historical value of the ordinary sources Ulrich studies. — Explanation: The second sentence explains that ordinary records can reveal daily experiences of historical change.

RW8-M2-005 — Correct: Students spent more time using drop-in hours, the meditation room, and the peer support group after the campaign, but less time using online wellness articles. —

Explanation: Time increased for the first three resources and decreased for online wellness articles from 29 to 21 minutes.

RW8-M2-006 — Correct: However, — Explanation: The sentence contrasts the benefits of theater restoration with the expense and difficulty of restoration.

RW8-M2-007 — Correct: filmmaking: — Explanation: A colon correctly introduces the list of three documentary filmmaking elements.

RW8-M2-008 — Correct: the gardener noticed droplets of water sparkling on the tomato leaves — Explanation: The introductory modifier “Walking through the greenhouse” must logically describe “the gardener.”

RW8-M2-009 — Correct: the historian — Explanation: Repeating “the historian” avoids ambiguity about whether “they” refers to the historian and curator together.

RW8-M2-010 — Correct: had run — Explanation: The past perfect tense shows that the software test occurred before the competition began.

RW8-M2-011 — Correct: Frances Glessner Lee created miniature crime-scene models that trained investigators to observe evidence carefully and form conclusions. — Explanation: This choice explains the training purpose of Lee’s models.

RW8-M2-012 — Correct: Bird-safe glass can reduce collisions by making windows more visible to birds in flight. — Explanation: This sentence directly explains a possible advantage of bird-safe glass.

RW8-M2-013 — Correct: After sentence 1 — Explanation: The added sentence expands the definition of “soundscapes” immediately after the term is introduced.

RW8-M2-014 — Correct: uncritical — Explanation: The critic included both praise and criticism, so the review was not uncritical.

RW8-M2-015 — Correct: The greater number of bee species in gardens with varied flowers supports the conclusion that flower diversity may support bee diversity. — Explanation: The evidence links more flower variety with more bee species in urban gardens.

RW8-M2-016 — Correct: deadlines, and — Explanation: A comma plus “and” correctly joins two independent clauses.

RW8-M2-017 — Correct: Under the conditions tested, Handle B was rated more comfortable than Handle A. — Explanation: Volunteers carried equal-weight bottles the same distance, and Handle B received higher comfort ratings.

RW8-M2-018 — Correct: Then, — Explanation: The paragraph moves from a general description of restorative circles to a specific school example.

RW8-M2-019 — Correct: contains — Explanation: The singular subject “box” requires the singular verb “contains.”

RW8-M2-020 — Correct: spider’s — Explanation: The sentence refers to one spider’s web, so the singular possessive “spider’s” is correct.

RW8-M2-021 — Correct: The Port Chicago disaster drew attention to discrimination and unsafe working conditions after an explosion killed hundreds at a naval munitions facility. — Explanation: This choice explains the broader significance of the disaster and its aftermath.

RW8-M2-022 — Correct: By traveling to different neighborhoods and helping residents fix broken items, the city’s tool-repair van makes repair services easier to access while reducing waste. — Explanation: This revision emphasizes both access to repair services and waste reduction.

RW8-M2-023 — Correct: The fabric makes her imagine continuing something connected to her grandmother. — Explanation: Leah sees the fabric as a “plan” connected to her grandmother’s sewing basket, suggesting a desire to continue that connection.

RW8-M2-024 — Correct: making — Explanation: The participle “making” correctly shows the result of arranging the samples in labeled trays.

RW8-M2-025 — Correct: clarify — Explanation: A glossary helps make unfamiliar expressions’ meanings clear.

RW8-M2-026 — Correct: preparing thoughtful questions for the interviewer — Explanation: This choice keeps the list grammatically parallel: “researching,” “practicing,” and “preparing.”

RW8-M2-027 — Correct: Barn owl nest boxes can attract owls that hunt rodents, helping reduce animals that may damage stored grain and crops. — Explanation: This choice explains how nest boxes can benefit farms by attracting rodent-hunting owls.
