

PART A — MODULE 1 QUESTIONS

RW11-M1-001

Prompt:

Astronomer Maria Mitchell discovered a comet in 1847, an achievement that brought her international attention. She later became a professor and encouraged women to study science at a time when few women had such opportunities. Mitchell's career is often described as _____ because it opened paths for later generations of women in astronomy.

Question:

Which choice completes the text with the most logical and precise word?

- A) influential
- B) accidental
- C) private
- D) unfinished

RW11-M1-002

Prompt:

A bookmobile is a small library vehicle that brings books and other materials to different neighborhoods. Bookmobiles can serve people who live far from a library building or have limited transportation. By bringing resources directly to communities, bookmobiles can make reading materials more accessible.

Question:

Which choice best states the main idea of the text?

- A) Bookmobiles can help communities access library materials more easily.
- B) Bookmobiles are used only in neighborhoods that already have many library buildings.
- C) Library vehicles make it harder for people to borrow books.
- D) People with limited transportation usually avoid reading materials.

RW11-M1-003

Prompt:

The package of art prints _____ carefully wrapped in brown paper.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) were
- B) are
- C) was
- D) have been

RW11-M1-004

Prompt:

A student recorded the number of students who voted for each theme for the spring dance.

Theme: Votes

Garden Party: 48

City Lights: 62

Ocean Night: 55

Retro Arcade: 39

Question:

Which choice is supported by the data?

- A) City Lights received the most votes.

- B) Retro Arcade received more votes than Ocean Night.
- C) Garden Party and Ocean Night received the same number of votes.
- D) No theme received more than 55 votes.

RW11-M1-005

Prompt:

Nolan wanted his model rocket to fly straight up, so he was disappointed when it curved sharply to one side. His teacher asked him to examine the launch video carefully. Nolan noticed that one fin had been attached at a slight angle, giving him a clear idea of what to change before the next test.

Question:

Which choice best describes what happens in the text?

- A) Nolan uses evidence from a failed test to improve his design.
- B) Nolan decides that model rockets cannot be tested safely.
- C) Nolan proves that fins have no effect on rocket flight.
- D) Nolan stops watching the launch video because it is unclear.

RW11-M1-006

Prompt:

In a passage about early newspapers, a historian explains that some papers printed shipping news, market prices, and lost-and-found notices. The historian adds, “For many readers, a newspaper was not only a source of political news but also a practical guide to daily business.”

Question:

What is the main function of the quoted sentence?

- A) It explains that early newspapers served practical purposes as well as political ones.
- B) It argues that early newspapers avoided reporting market prices.
- C) It describes how printing presses were repaired.
- D) It shows that readers cared only about lost-and-found notices.

RW11-M1-007

Prompt:

The science club built a small weatherproof box for its outdoor sensor. _____ the club added a clear window so students could check the sensor without opening the box.

Question:

Which choice completes the text with the most logical transition?

- A) In addition,
- B) However,
- C) As a result,
- D) Instead,

RW11-M1-008

Prompt:

The article describes the numbat, _____ insect-eating marsupial native to Australia.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) a
- B) an
- C) the
- D) those

RW11-M1-009

Prompt:

After the team finished the mural, _____ invited parents and teachers to view it.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) they
- B) them
- C) their
- D) themselves

RW11-M1-010

Prompt:

While researching a topic, a student has taken the following notes:

- Ynes Mexia was a botanist.
- She began collecting plants professionally in her fifties.
- Mexia traveled through parts of North and South America.
- She collected thousands of plant specimens.
- Some plant species were named in her honor.

The student wants to introduce Mexia and emphasize her work as a plant collector. Which choice most effectively uses relevant information from the notes?

- A) Ynes Mexia was a botanist who collected thousands of plant specimens while traveling through parts of North and South America.
- B) Ynes Mexia began collecting plants professionally in her fifties, which was later than some scientists begin their careers.
- C) Some plant species were named in honor of Ynes Mexia.
- D) North and South America include many different habitats where plants can grow.

RW11-M1-011

Prompt:

The school's new online calendar lists assignment deadlines and club meetings. _____ some students still prefer paper planners because they like writing reminders by hand.

Question:

Which choice completes the text with the most logical transition?

- A) However,
- B) For example,
- C) Therefore,
- D) Similarly,

RW11-M1-012

Prompt:

The following text is from a draft of a student's essay.

(1) A school lost-and-found system helps return misplaced items to their owners. (2) Students may leave coats, notebooks, lunch boxes, or water bottles in different parts of the building. (3) A clear labeling system can make these items easier to identify. (4) Regular announcements can also remind students to check for missing belongings.

Question:

To make the paragraph most logical, sentence 2 should be placed

- A) where it is now.
- B) before sentence 1.

- C) after sentence 4.
- D) between sentence 3 and sentence 4.

RW11-M1-013

Prompt:

Last semester, the coding club _____ a simple game for younger students to play.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) designs
- B) designed
- C) will design
- D) designing

RW11-M1-014

Prompt:

_____ in a waterproof case, the camera continued recording during the rainstorm.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) Protected
- B) Protecting
- C) To protect
- D) Protect

RW11-M1-015

Prompt:

The students postponed the outdoor sketching lesson _____ the sidewalks were covered with ice.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) lesson, the sidewalks
- B) lesson because the sidewalks
- C) lesson; because the sidewalks
- D) lesson, because, the sidewalks

RW11-M1-016

Prompt:

To learn which announcements students remembered best, the principal asked a short survey question at the end of the week. She used the responses to _____ whether morning or afternoon announcements were more effective.

Question:

Which choice completes the text with the most logical and precise word?

- A) evaluate
- B) borrow
- C) decorate
- D) conceal

RW11-M1-017

Prompt:

Some parks include sensory gardens with plants chosen for their textures, scents, and colors. Visitors might touch soft leaves, smell herbs, or look closely at bright flowers. These gardens can make outdoor spaces engaging for people with a wide range of ages and abilities.

Question:

Which choice best states the main idea of the text?

- A) Sensory gardens can make parks more engaging through plants that appeal to different senses.
- B) Sensory gardens are designed only for visitors who avoid touching plants.
- C) Parks with sensory gardens cannot include flowers or herbs.
- D) Visitors enjoy gardens only when all plants look exactly the same.

RW11-M1-018

Prompt:

Scientists studying camels note that their wide feet help them walk on sand. The feet spread the animal's weight over a larger surface, making the camel less likely to sink into soft ground.

Question:

According to the text, how do wide feet help camels?

- A) They help camels walk on soft sand without sinking as easily.
- B) They allow camels to climb trees to find food.
- C) They prevent camels from needing water at any time.
- D) They make camels smaller than other desert animals.

RW11-M1-019

Prompt:

A student is revising the following sentence.

The school opened a student technology help desk, and students can visit it to reset passwords, troubleshoot devices, or learn software basics.

Question:

Which choice best combines the ideas clearly and concisely?

- A) The school opened a student technology help desk where students can reset passwords, troubleshoot devices, or learn software basics.
- B) The school opened a student technology help desk, students can visit it to reset passwords, troubleshoot devices, or learn software basics.
- C) The school opened a student technology help desk and resetting passwords, troubleshooting devices, or learning software basics.
- D) The school opened a student technology help desk because students, passwords, devices, and software basics.

RW11-M1-020

Prompt:

While researching a topic, a student has taken the following notes:

- Amalia Hernández was a Mexican dancer and choreographer.
- She founded Ballet Folklórico de México in 1952.
- The company presents dances inspired by Mexican regional traditions.
- Hernández combined research, music, costume design, and choreography.
- Her work helped bring Mexican folk dance to international audiences.

The student wants to explain Hernández's cultural impact. Which choice most effectively uses relevant information from the notes?

- A) Amalia Hernández founded Ballet Folklórico de México, a company that helped bring dances inspired by Mexican regional traditions to international audiences.
- B) Amalia Hernández combined research, music, costume design, and choreography in her work.

- C) Ballet Folklórico de México was founded in 1952 by a dancer and choreographer.
- D) Mexican regional traditions include many kinds of music, costume, and dance.

RW11-M1-021

Prompt:

A student recorded the number of minutes four students spent practicing speeches.

Student: Minutes practiced

Grace: 36

Isaac: 42

Maya: 31

Tariq: 39

Question:

Which choice is supported by the data?

- A) Isaac practiced for the greatest number of minutes.
- B) Maya practiced for more minutes than Grace.
- C) Grace and Tariq practiced for the same number of minutes.
- D) No student practiced for more than 39 minutes.

RW11-M1-022

Prompt:

In a paragraph about student service projects, a writer states, “Students sorted donated books, made signs for the collection table, and delivered boxes to the community center.”

Question:

What is the most likely purpose of the sentence?

- A) To give examples of tasks students completed during the service project
- B) To explain why donated books should never be sorted
- C) To argue that signs are more important than books in every project
- D) To compare community centers with school cafeterias

RW11-M1-023

Prompt:

The telescope _____ we used during astronomy night belongs to the science department.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) that
- B) who
- C) where
- D) when

RW11-M1-024

Prompt:

The activity asks students to read a short article, to identify the claim, and _____ two pieces of evidence.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) selecting
- B) to select
- C) selected
- D) the selection of

RW11-M1-025

Prompt:

The museum brochure did not explain how to reach the second-floor gallery, so the staff added stair and elevator directions to make the route more _____.

Question:

Which choice completes the text with the most logical and precise word?

- A) accessible
- B) fragile
- C) imaginary
- D) crowded

RW11-M1-026

Prompt:

A student wants to begin an essay about why schools should support student clubs. Which choice would be the most effective opening sentence for the essay?

- A) Student clubs can help young people explore interests, build friendships, and practice leadership skills.
- B) Some clubs meet on Tuesdays, while others meet on Thursdays after school.
- C) A club is a group of people who gather for a shared activity.
- D) My school has a hallway where club posters are displayed.

RW11-M1-027

Prompt:

The library added self-checkout stations near the front desk. _____ patrons could borrow books more quickly during busy hours.

Question:

Which choice completes the text with the most logical transition?

- A) As a result,
- B) Nevertheless,
- C) For example,
- D) In comparison,

PART B — MODULE 2 QUESTIONS

RW11-M2-001

Prompt:

Artist Lygia Clark created works that invited viewers to touch, fold, or rearrange objects rather than simply look at them from a distance. By asking audiences to participate physically, Clark's art _____ the usual separation between artwork and viewer.

Question:

Which choice completes the text with the most logical and precise word?

- A) weakened
- B) measured
- C) repeated
- D) delayed

RW11-M2-002

Prompt:

Scientists can study layers of ash in sediment to understand past volcanic eruptions. Ash from a major eruption may spread over a wide area, leaving a thin but recognizable layer. If researchers find the same ash layer in different locations, they can use it to connect events in those places to the

same eruption.

Question:

Which choice best states the main idea of the text?

- A) Volcanic ash layers in sediment can help scientists connect evidence from different locations to the same eruption.
- B) Volcanic ash is useful to scientists only when it cannot be found in sediment.
- C) Major eruptions leave no recognizable material outside the volcano itself.
- D) Researchers study ash layers mainly to predict the color of future lava.

RW11-M2-003

Prompt:

Some schools use student-led conferences, in which students explain their own progress to parents or guardians. This format can encourage students to reflect on strengths and goals, but it requires preparation so students can discuss their work clearly rather than simply reading grades aloud.

Question:

Which choice is the best inference from the text?

- A) Student-led conferences can promote reflection, but students need guidance to use them well.
- B) Student-led conferences prevent students from discussing their goals.
- C) Reading grades aloud is the main purpose of every student-led conference.
- D) Student-led conferences work best when students do not prepare.

RW11-M2-004

Prompt:

A student's draft about scientist Mae Jemison includes the following sentences.

Jemison is often remembered as the first Black woman to travel to space, but her career also includes work as a physician, engineer, educator, and advocate for science learning. Focusing only on one milestone risks overlooking the range of fields in which she has contributed.

Question:

What is the main function of the second sentence in the text?

- A) It explains why a single achievement does not fully represent Jemison's career.
- B) It argues that space travel was not an important part of Jemison's life.
- C) It lists the exact courses Jemison taught as an educator.
- D) It shows that Jemison worked in only one scientific field.

RW11-M2-005

Prompt:

A researcher compared the average number of minutes students spent using four features of a digital art portfolio platform before and after a tutorial was added.

Feature: Before tutorial / After tutorial

Uploading images: 18 / 26

Writing artist statements: 24 / 29

Viewing peer comments: 31 / 25

Organizing collections: 16 / 22

Question:

Which choice best describes the data?

- A) Students spent more time uploading images, writing artist statements, and organizing collections after the tutorial, but less time viewing peer comments.
- B) Students spent less time using all four features after the tutorial.

- C) Viewing peer comments had the greatest increase after the tutorial.
- D) Uploading images and organizing collections had the same time after the tutorial.

RW11-M2-006

Prompt:

A short documentary can introduce viewers to a complex topic quickly through images, interviews, and narration. _____ because it must be brief, it may leave out details that a longer film or article could explain.

Question:

Which choice completes the text with the most logical transition?

- A) However,
- B) Similarly,
- C) For example,
- D) Therefore,

RW11-M2-007

Prompt:

The exhibit includes three examples of early communication technology _____ signal flags, telegraph keys, and crystal radio sets.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) technology
- B) technology:
- C) technology,
- D) technology;

RW11-M2-008

Prompt:

Listening to the oral history recording, _____.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) several pauses in the speaker's story became noticeable
- B) the speaker's story contained several noticeable pauses
- C) the student noticed several pauses in the speaker's story
- D) there were several noticeable pauses in the speaker's story

RW11-M2-009

Prompt:

The composer met with the conductor before rehearsal, and _____ agreed that the ending should be played more softly.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English and avoids ambiguity?

- A) they
- B) the composer
- C) she
- D) it

RW11-M2-010

Prompt:

Before the hiking group reached the campsite, the trip leaders _____ the tents and cooking

supplies into separate packs.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) divide
- B) have divided
- C) had divided
- D) dividing

RW11-M2-011

Prompt:

While researching a topic, a student has taken the following notes:

- Fazlur Rahman Khan was a structural engineer.
- He developed innovative structural systems for tall buildings.
- His tubular designs helped make very tall skyscrapers more efficient and stable.
- Khan contributed to the design of the John Hancock Center and Sears Tower in Chicago.
- His work influenced modern skyscraper engineering.

The student wants to explain the significance of Khan’s engineering work. Which choice most effectively uses relevant information from the notes?

- A) Fazlur Rahman Khan’s tubular structural systems helped make very tall skyscrapers more efficient and stable, influencing modern skyscraper engineering.
- B) Fazlur Rahman Khan worked on buildings in Chicago, including the John Hancock Center and Sears Tower.
- C) A structural engineer helps design buildings so that they can stand safely.
- D) Tall buildings may include offices, apartments, observation decks, and mechanical systems.

RW11-M2-012

Prompt:

A student is revising an essay about schools using daylight sensors that adjust classroom lighting automatically. The student wants to add a sentence that explains a possible advantage of these sensors. Which choice best accomplishes this goal?

- A) Daylight sensors can reduce energy use by dimming electric lights when enough natural light is available.
- B) Classrooms may have windows, desks, chairs, and lights arranged in different ways.
- C) Some sensors are installed on ceilings, while others are placed near windows.
- D) Electric lights are used in schools, homes, offices, and other buildings.

RW11-M2-013

Prompt:

The following text is from a draft of a student’s essay.

(1) Some researchers study “edge habitats,” the places where two ecosystems meet. (2) A forest edge beside a meadow, for example, may contain species from both environments. (3) Edge habitats can offer food and shelter for some animals. (4) However, they can also expose certain species to predators or human disturbance.

Question:

Where should the following sentence be placed to best support the logical flow of the paragraph?

These areas can be biologically rich but also complex to manage.

- A) After sentence 1
- B) After sentence 2
- C) After sentence 3
- D) After sentence 4

RW11-M2-014

Prompt:

The reviewer's response to the student's science poster was not _____; along with praising the clear visuals, the reviewer identified two places where the labels needed more detail.

Question:

Which choice completes the text with the most logical and precise word?

- A) superficial
- B) recent
- C) public
- D) silent

RW11-M2-015

Prompt:

Researchers studying a coastal marsh found that areas with dense cordgrass had less shoreline erosion after storms than areas where cordgrass was sparse. Because cordgrass roots can help hold soil in place, the researchers concluded that protecting cordgrass may help stabilize marsh shorelines.

Question:

Which choice best describes the relationship between the evidence and the researchers' conclusion?

- A) The lower erosion in areas with dense cordgrass supports the conclusion that cordgrass may help stabilize shorelines.
- B) The evidence proves that storms cannot affect marshes with any cordgrass.
- C) The conclusion rejects the idea that plant roots can hold soil.
- D) The evidence shows that sparse cordgrass prevents shoreline erosion better than dense cordgrass.

RW11-M2-016

Prompt:

The report explains the survey methods, _____ it also summarizes the main findings.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) methods, it
- B) methods and
- C) methods; and
- D) methods, and

RW11-M2-017

Prompt:

A researcher tested two types of reusable food containers to see which kept salad greens fresh longer. Equal amounts of greens were placed in Container A and Container B and stored in the same refrigerator. After four days, the greens in Container B showed less wilting.

Question:

Which conclusion is best supported by the text?

- A) Under the conditions tested, Container B kept salad greens fresher than Container A did.
- B) Container A cannot hold any salad greens.

- C) Refrigerators prevent all greens from wilting.
D) The containers were stored at different temperatures.

RW11-M2-018

Prompt:

The article first explains that some theaters offer relaxed performances with adjusted sound and lighting. _____ it describes one theater where relaxed performances increased attendance by families with sensory-sensitive children.

Question:

Which choice completes the text with the most logical transition?

- A) Then,
B) Even so,
C) In contrast,
D) Nevertheless,

RW11-M2-019

Prompt:

The set of recordings from the community music project _____ interviews, rehearsal clips, and final performances.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) include
B) includes
C) including
D) are including

RW11-M2-020

Prompt:

The _____ tracks crossed the muddy bank and disappeared into the tall grass.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) raccoon's
B) raccoons
C) raccoons'
D) raccoones'

RW11-M2-021

Prompt:

While researching a topic, a student has taken the following notes:

- The Delano grape strike began in California in 1965.
- Filipino American farmworkers from the Agricultural Workers Organizing Committee initiated the strike.
- Mexican American farmworkers from the National Farm Workers Association later joined.
- The strike and boycott drew national attention to farmworker wages and working conditions.
- The movement helped strengthen farm labor organizing.

The student wants to explain the broader importance of the Delano grape strike. Which choice most effectively uses relevant information from the notes?

- A) The Delano grape strike brought Filipino American and Mexican American farmworkers together and drew national attention to farmworker wages and working conditions.

- B) The Delano grape strike began in California in 1965 with farmworkers from one organization.
- C) A boycott is one method that groups can use when trying to create economic pressure.
- D) Farm labor organizing has occurred in many places where agricultural work is common.

RW11-M2-022

Prompt:

A student is revising the following sentence.

The school's repair club fixes broken classroom items, and students learn to use basic tools safely.

The student wants to emphasize that the club both saves resources and teaches practical skills. Which choice best revises the sentence to accomplish this goal?

- A) By fixing broken classroom items, the school's repair club saves resources while teaching students to use basic tools safely.
- B) The school's repair club has students, and classroom items sometimes break.
- C) Students in the repair club use tools, and tools can be basic or advanced.
- D) Broken classroom items are fixed by a club that is located at the school.

RW11-M2-023

Prompt:

Tessa found the old theater ticket folded inside a used copy of a play. The date on the ticket was from twenty years earlier, and the seat number was circled in pencil. She had bought the book for the printed words, but the ticket made her imagine another reader sitting in the dark, waiting for the curtain to rise.

Question:

Which choice best describes what the text suggests about Tessa?

- A) She imagines the experience of a previous owner of the book.
- B) She decides that the play is not worth reading.
- C) She believes the ticket proves the book was printed twenty years ago.
- D) She wants to erase the pencil mark from the ticket immediately.

RW11-M2-024

Prompt:

The city installed brighter lights along the river path, _____ evening walkers a clearer view of the trail.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) giving
- B) gave
- C) gives
- D) and giving

RW11-M2-025

Prompt:

Because two editions of the novel used different chapter numbers, the teacher provided page references to _____ the assigned sections.

Question:

Which choice completes the text with the most logical and precise word?

- A) specify
- B) decorate

- C) postpone
- D) imitate

RW11-M2-026

Prompt:

The training video demonstrates three steps for maintaining a bicycle chain: wiping away dirt, applying lubricant evenly, and _____.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) checking that the chain moves smoothly
- B) the chain was checked for smooth movement
- C) to check that the chain moves smoothly
- D) checked that the chain moves smoothly

RW11-M2-027

Prompt:

While researching a topic, a student has taken the following notes:

- Bats can feed on insects at night.
- Some insects that bats eat are agricultural pests.
- Bat houses can provide roosting spaces where natural roosts are limited.
- Farmers may install bat houses near fields.
- Supporting bat populations may reduce the need for some pest-control measures.

The student wants to explain how bat houses can benefit farms. Which choice most effectively uses relevant information from the notes?

- A) Bat houses can support bats that eat insect pests, which may reduce the need for some pest-control measures on farms.
- B) Bats often feed at night and may live in natural roosts or human-made bat houses.
- C) Farmers may install many kinds of structures near fields for different reasons.
- D) Some insects are active at night, while others are active during the day.

PART C — MODULE 1 ANSWER KEY + EXPLANATIONS

RW11-M1-001 — Correct: influential — Explanation: Mitchell’s comet discovery, teaching, and encouragement of women in science affected later generations, so “influential” is most precise.

RW11-M1-002 — Correct: Bookmobiles can help communities access library materials more easily. — Explanation: The passage explains that bookmobiles bring library materials directly to communities, especially people far from library buildings or transportation.

RW11-M1-003 — Correct: was — Explanation: The singular subject “package” requires the singular verb “was.”

RW11-M1-004 — Correct: City Lights received the most votes. — Explanation: City Lights received 62 votes, more than the other themes.

RW11-M1-005 — Correct: Nolan uses evidence from a failed test to improve his design. — Explanation: Nolan studies the launch video, notices the angled fin, and learns what to change.

RW11-M1-006 — Correct: It explains that early newspapers served practical purposes as well as political ones. — Explanation: The quoted sentence connects the listed items to the idea that newspapers helped with daily business.

RW11-M1-007 — Correct: In addition, — Explanation: The second sentence adds another feature of the weatherproof box.

RW11-M1-008 — Correct: an — Explanation: “Insect-eating” begins with a vowel sound, so “an”

is correct.

RW11-M1-009 — Correct: they — Explanation: The subject pronoun “they” correctly refers to the team as the group inviting viewers.

RW11-M1-010 — Correct: Ynes Mexia was a botanist who collected thousands of plant specimens while traveling through parts of North and South America. — Explanation: This choice introduces Mexia and emphasizes her plant-collecting work.

RW11-M1-011 — Correct: However, — Explanation: The sentence contrasts the online calendar’s usefulness with some students’ preference for paper planners.

RW11-M1-012 — Correct: where it is now. — Explanation: Sentence 2 provides examples of misplaced items before the paragraph explains ways to identify and return them.

RW11-M1-013 — Correct: designed — Explanation: “Last semester” requires the past-tense verb “designed.”

RW11-M1-014 — Correct: Protected — Explanation: “Protected in a waterproof case” correctly modifies “the camera.”

RW11-M1-015 — Correct: lesson because the sidewalks — Explanation: “Because” correctly introduces the reason the outdoor sketching lesson was postponed.

RW11-M1-016 — Correct: evaluate — Explanation: The principal uses survey responses to judge which announcement time was more effective.

RW11-M1-017 — Correct: Sensory gardens can make parks more engaging through plants that appeal to different senses. — Explanation: The passage explains that sensory gardens use textures, scents, and colors to engage visitors.

RW11-M1-018 — Correct: They help camels walk on soft sand without sinking as easily. — Explanation: The text says wide feet spread weight over a larger surface, reducing sinking.

RW11-M1-019 — Correct: The school opened a student technology help desk where students can reset passwords, troubleshoot devices, or learn software basics. — Explanation: This choice combines the ideas clearly and avoids a comma splice.

RW11-M1-020 — Correct: Amalia Hernández founded Ballet Folklórico de México, a company that helped bring dances inspired by Mexican regional traditions to international audiences. — Explanation: This choice explains Hernández’s cultural impact by connecting her company to international audiences.

RW11-M1-021 — Correct: Isaac practiced for the greatest number of minutes. — Explanation: Isaac practiced for 42 minutes, more than the other students.

RW11-M1-022 — Correct: To give examples of tasks students completed during the service project — Explanation: The sentence lists specific service-project tasks students completed.

RW11-M1-023 — Correct: that — Explanation: “That” correctly introduces the clause identifying which telescope belongs to the science department.

RW11-M1-024 — Correct: to select — Explanation: The phrase completes the parallel structure: “to read,” “to identify,” and “to select.”

RW11-M1-025 — Correct: accessible — Explanation: Adding stair and elevator directions makes the route easier to reach and follow.

RW11-M1-026 — Correct: Student clubs can help young people explore interests, build friendships, and practice leadership skills. — Explanation: This sentence clearly introduces the essay’s focus on the benefits of student clubs.

RW11-M1-027 — Correct: As a result, — Explanation: Faster borrowing during busy hours is presented as an effect of adding self-checkout stations.

PART D — MODULE 2 ANSWER KEY + EXPLANATIONS

RW11-M2-001 — Correct: weakened — Explanation: Clark’s interactive works reduced the usual separation between viewer and artwork, so “weakened” is most precise.

RW11-M2-002 — Correct: Volcanic ash layers in sediment can help scientists connect evidence

from different locations to the same eruption. — Explanation: The passage explains that the same ash layer in different places can link those places to one eruption.

RW11-M2-003 — Correct: Student-led conferences can promote reflection, but students need guidance to use them well. — Explanation: The text says the conferences can encourage reflection but require preparation for clear discussion.

RW11-M2-004 — Correct: It explains why a single achievement does not fully represent Jemison's career. — Explanation: The second sentence warns that focusing only on one milestone overlooks the range of Jemison's contributions.

RW11-M2-005 — Correct: Students spent more time uploading images, writing artist statements, and organizing collections after the tutorial, but less time viewing peer comments. — Explanation: Time increased for three features and decreased for peer comments from 31 to 25 minutes.

RW11-M2-006 — Correct: However, — Explanation: The sentence contrasts the usefulness of a short documentary with its limitation in covering details.

RW11-M2-007 — Correct: technology: — Explanation: A colon correctly introduces the list of three communication technologies.

RW11-M2-008 — Correct: the student noticed several pauses in the speaker's story — Explanation: The introductory modifier "Listening to the oral history recording" must logically describe "the student."

RW11-M2-009 — Correct: the composer — Explanation: Repeating "the composer" avoids ambiguity about whether "they" refers to the composer and conductor together.

RW11-M2-010 — Correct: had divided — Explanation: The past perfect tense shows that the leaders divided the supplies before the group reached the campsite.

RW11-M2-011 — Correct: Fazlur Rahman Khan's tubular structural systems helped make very tall skyscrapers more efficient and stable, influencing modern skyscraper engineering. — Explanation: This choice explains the significance of Khan's structural systems and their influence.

RW11-M2-012 — Correct: Daylight sensors can reduce energy use by dimming electric lights when enough natural light is available. — Explanation: This sentence directly explains a possible advantage of automatic daylight sensors.

RW11-M2-013 — Correct: After sentence 1 — Explanation: The added sentence gives a broad idea about edge habitats immediately after the term is introduced, before examples and effects.

RW11-M2-014 — Correct: superficial — Explanation: The reviewer gave both praise and specific detailed suggestions, so the response was not superficial.

RW11-M2-015 — Correct: The lower erosion in areas with dense cordgrass supports the conclusion that cordgrass may help stabilize shorelines. — Explanation: The evidence links dense cordgrass with less erosion after storms.

RW11-M2-016 — Correct: methods, and — Explanation: A comma plus "and" correctly joins two independent clauses.

RW11-M2-017 — Correct: Under the conditions tested, Container B kept salad greens fresher than Container A did. — Explanation: The greens in Container B showed less wilting after four days under the same conditions.

RW11-M2-018 — Correct: Then, — Explanation: The paragraph moves from a general description of relaxed performances to a specific theater example.

RW11-M2-019 — Correct: includes — Explanation: The singular subject "set" requires the singular verb "includes."

RW11-M2-020 — Correct: raccoon's — Explanation: The sentence refers to one raccoon's tracks, so the singular possessive "raccoon's" is correct.

RW11-M2-021 — Correct: The Delano grape strike brought Filipino American and Mexican American farmworkers together and drew national attention to farmworker wages and working conditions. — Explanation: This choice explains the broader importance of the strike by emphasizing coalition and national attention to labor issues.

RW11-M2-022 — Correct: By fixing broken classroom items, the school's repair club saves

resources while teaching students to use basic tools safely. — Explanation: This revision emphasizes both saving resources and teaching practical skills.

RW11-M2-023 — Correct: She imagines the experience of a previous owner of the book. — Explanation: The ticket makes Tessa picture another reader attending the play years earlier.

RW11-M2-024 — Correct: giving — Explanation: The participle “giving” correctly shows the result of installing brighter lights.

RW11-M2-025 — Correct: specify — Explanation: Page references identify the exact assigned sections despite differences in chapter numbering.

RW11-M2-026 — Correct: checking that the chain moves smoothly — Explanation: This choice keeps the list grammatically parallel: “wiping,” “applying,” and “checking.”

RW11-M2-027 — Correct: Bat houses can support bats that eat insect pests, which may reduce the need for some pest-control measures on farms. — Explanation: This choice explains how bat houses can benefit farms by supporting insect-eating bats.
