

PART A — MODULE 1 QUESTIONS

RW12-M1-001

Prompt:

Marine biologist Eugenie Clark became known for studying sharks at a time when many people viewed them mainly as dangerous animals. Through research, writing, and public education, Clark helped audiences understand shark behavior more accurately. Her work therefore helped _____ common fears with scientific information.

Question:

Which choice completes the text with the most logical and precise word?

- A) replace
- B) repeat
- C) hide
- D) postpone

RW12-M1-002

Prompt:

Some schools use refill stations where students can fill reusable water bottles. These stations can reduce the number of disposable plastic bottles used during the school day. They can also make it easier for students to stay hydrated between classes.

Question:

Which choice best states the main idea of the text?

- A) Water-bottle refill stations can reduce waste and help students access drinking water.
- B) Refill stations prevent students from bringing reusable bottles to school.
- C) Disposable plastic bottles are the only way students can stay hydrated.
- D) Schools install refill stations mainly to make hallways look more colorful.

RW12-M1-003

Prompt:

The stack of permission forms _____ placed on the teacher's desk before first period.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) were
- B) are
- C) was
- D) have been

RW12-M1-004

Prompt:

A student recorded the number of people who attended four library workshops.

Workshop | Attendees

Resume writing | 27

Digital photos | 34

Budget basics | 31

Local history | 22

Question:

Which choice is supported by the data in the table?

- A) The Digital photos workshop had the greatest attendance.
- B) The Local history workshop had more attendees than the Resume writing workshop.

- C) Resume writing and Budget basics had the same number of attendees.
- D) No workshop had more than 31 attendees.

RW12-M1-005

Prompt:

Lena wanted her clay tile to have a perfectly smooth surface. When a leaf fell onto the wet clay, it left a clear pattern of veins. At first Lena thought the tile was ruined, but then she pressed more leaves into the clay and turned the marks into the main design.

Question:

Which choice best describes what happens in the text?

- A) Lena turns an unexpected mark into part of her artwork.
- B) Lena decides that clay cannot hold detailed patterns.
- C) Lena removes all natural shapes from her tile.
- D) Lena finishes the tile before the leaf touches it.

RW12-M1-006

Prompt:

In a passage about early postal routes, a historian explains that riders sometimes changed horses at stations along the way. The historian adds, “By switching to rested horses, riders could keep mail moving quickly across long distances.”

Question:

What is the main function of the quoted sentence?

- A) It explains how changing horses helped speed mail delivery.
- B) It argues that postal riders avoided traveling long distances.
- C) It describes how letters were written before being mailed.
- D) It shows that horses were used only for local deliveries.

RW12-M1-007

Prompt:

The after-school art studio provides paints, brushes, and drawing paper. _____ students can use the room’s drying racks to store unfinished work safely.

Question:

Which choice completes the text with the most logical transition?

- A) In addition,
- B) However,
- C) Therefore,
- D) Instead,

RW12-M1-008

Prompt:

The article describes the olinguito, _____ small mammal that lives in cloud forests in South America.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) a
- B) an
- C) the
- D) those

RW12-M1-009

Prompt:

After the volunteers packed the boxes, _____ carried them to the delivery truck.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) they
- B) them
- C) their
- D) themselves

RW12-M1-010

Prompt:

While researching a topic, a student has taken the following notes:

- Toshiko Akiyoshi is a jazz pianist and composer.
- She was born in Manchuria and later moved to Japan and the United States.
- Akiyoshi led a big band with saxophonist Lew Tabackin.
- Her music often blends jazz with Japanese musical influences.
- She received recognition for expanding the sound of big-band jazz.

The student wants to introduce Akiyoshi and describe what is distinctive about her music. Which choice most effectively uses relevant information from the notes?

- A) Toshiko Akiyoshi, a jazz pianist and composer, became known for music that blends jazz with Japanese musical influences.
- B) Toshiko Akiyoshi moved to several places, including Japan and the United States.
- C) Big bands often include saxophones, trumpets, trombones, piano, bass, and drums.
- D) Lew Tabackin was a saxophonist who worked with Toshiko Akiyoshi.

RW12-M1-011

Prompt:

The town's new dog park gives pets a safe place to run off leash. _____ some neighbors are concerned that parking near the park will become crowded on weekends.

Question:

Which choice completes the text with the most logical transition?

- A) However,
- B) Similarly,
- C) As a result,
- D) For instance,

RW12-M1-012

Prompt:

The following text is from a draft of a student's essay.

(1) A school compost station collects fruit peels, vegetable scraps, and other food waste. (2) Over time, these materials break down into compost. (3) Compost can be added to garden soil to help plants grow. (4) Using a compost station can reduce the amount of waste sent to landfills.

Question:

To make the paragraph most logical, sentence 2 should be placed

- A) where it is now.
- B) before sentence 1.
- C) after sentence 4.
- D) between sentence 3 and sentence 4.

RW12-M1-013

Prompt:

During yesterday's assembly, the principal _____ several students for their volunteer work.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) thanks
- B) thanked
- C) will thank
- D) thanking

RW12-M1-014

Prompt:

_____ in bright orange paint, the construction cones were easy to see from across the parking lot.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) Covered
- B) Covering
- C) To cover
- D) Cover

RW12-M1-015

Prompt:

The club meeting ended early _____ the guest speaker had to catch a train.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) early, the guest
- B) early because the guest
- C) early; because the guest
- D) early, because, the guest

RW12-M1-016

Prompt:

To understand which bus stops needed more lighting, the transportation committee reviewed safety reports and rider comments. The committee used this information to _____ locations for future improvements.

Question:

Which choice completes the text with the most logical and precise word?

- A) prioritize
- B) decorate
- C) confuse
- D) borrow

RW12-M1-017

Prompt:

Some communities hold repair workshops for bicycles. At these workshops, volunteers show riders how to patch tubes, adjust brakes, and check chains. The workshops can help people keep bicycles usable and learn maintenance skills.

Question:

Which choice best states the main idea of the text?

- A) Bicycle repair workshops can teach maintenance skills and help keep bikes working.
- B) Bicycle repair workshops require riders to throw away damaged bicycles.

- C) Volunteers at bicycle workshops only discuss riding competitions.
- D) Adjusting brakes is unrelated to bicycle maintenance.

RW12-M1-018

Prompt:

Scientists studying seals note that a thick layer of blubber helps the animals stay warm in cold ocean water. Blubber also stores energy that seals can use when food is limited.

Question:

According to the text, what is one function of blubber in seals?

- A) It helps seals stay warm in cold water.
- B) It allows seals to breathe without surfacing.
- C) It prevents seals from needing energy.
- D) It helps seals grow feathers in winter.

RW12-M1-019

Prompt:

A student is revising the following sentence.

The school opened a quiet lunch room, and students can use it to eat, read, or take a break from the crowded cafeteria.

Question:

Which choice best combines the ideas clearly and concisely?

- A) The school opened a quiet lunch room where students can eat, read, or take a break from the crowded cafeteria.
- B) The school opened a quiet lunch room, students can use it to eat, read, or take a break from the crowded cafeteria.
- C) The school opened a quiet lunch room and eating, reading, or taking a break from the crowded cafeteria.
- D) The school opened a quiet lunch room because students, lunch, reading, and the cafeteria.

RW12-M1-020

Prompt:

While researching a topic, a student has taken the following notes:

- Francis La Flesche was an Omaha ethnologist and writer.
- He worked to document Omaha language, music, and traditions.
- La Flesche collaborated with anthropologist Alice Fletcher.
- His writings include accounts of Omaha culture and history.
- His work remains important to scholars studying Indigenous history.

The student wants to introduce La Flesche and the focus of his work. Which choice most effectively uses relevant information from the notes?

- A) Francis La Flesche, an Omaha ethnologist and writer, documented Omaha language, music, traditions, and history.
- B) Francis La Flesche collaborated with Alice Fletcher, who was an anthropologist.
- C) Scholars studying Indigenous history use many different kinds of sources.
- D) Omaha music and traditions are part of a larger cultural history.

RW12-M1-021

Prompt:

A student recorded the number of questions answered during four review sessions.

Session | Questions answered

Monday | 18

Tuesday | 24

Wednesday | 21

Thursday | 27

Question:

Which choice is supported by the data in the table?

- A) Thursday had the greatest number of questions answered.
- B) Monday had more questions answered than Wednesday.
- C) Tuesday and Thursday had the same number of questions answered.
- D) No session had more than 24 questions answered.

RW12-M1-022

Prompt:

In a paragraph about a school robotics showcase, a writer states, “Students explained their designs, demonstrated how sensors worked, and answered questions from visitors.”

Question:

What is the most likely purpose of the sentence?

- A) To give examples of what students did during the robotics showcase
- B) To explain why sensors should not be used in robotics
- C) To argue that visitors should design all student robots
- D) To compare robotics showcases with cafeteria menus

RW12-M1-023

Prompt:

The mural _____ covers the back wall of the gym was painted by last year’s art club.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) that
- B) who
- C) where
- D) when

RW12-M1-024

Prompt:

The instructions ask students to choose a topic, to gather sources, and _____ an outline before drafting.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) creating
- B) to create
- C) created
- D) the creation of

RW12-M1-025

Prompt:

The first audio recording was hard to hear, so the interviewer used a better microphone to make the speaker's voice more _____.

Question:

Which choice completes the text with the most logical and precise word?

- A) audible
- B) distant
- C) accidental
- D) crowded

RW12-M1-026

Prompt:

A student wants to begin an essay about the value of school libraries. Which choice would be the most effective opening sentence for the essay?

- A) School libraries give students access to books, research tools, quiet study spaces, and guidance from librarians.
- B) Some library shelves are tall, while others are short enough for younger students to reach.
- C) A library is a place where books and other materials may be stored.
- D) My school library has blue chairs near the windows.

RW12-M1-027

Prompt:

The city added curb cuts at several sidewalk corners. _____ people using wheelchairs, strollers, or rolling bags could move more easily between sidewalks and streets.

Question:

Which choice completes the text with the most logical transition?

- A) As a result,
- B) Nevertheless,
- C) For example,
- D) In comparison,

PART B — MODULE 2 QUESTIONS

RW12-M2-001

Prompt:

In the art of quilter Rosie Lee Tompkins, familiar materials such as velvet, cotton, and synthetic fabrics are arranged in unexpected rhythms of color and shape. The quilts may look spontaneous, but their bold asymmetry often creates a carefully balanced visual energy. Tompkins's work therefore _____ the assumption that quilts must follow predictable patterns.

Question:

Which choice completes the text with the most logical and precise word?

- A) unsettles
- B) measures
- C) repeats
- D) delays

RW12-M2-002

Prompt:

Researchers studying ancient animal bones sometimes examine the ratios of certain chemical elements preserved in the bone tissue. These ratios can reflect the kinds of foods an animal ate. By comparing bones from different sites, scientists can infer differences in past environments and animal diets.

Question:

Which choice best states the main idea of the text?

- A) Chemical evidence in ancient bones can help scientists study past diets and environments.
- B) Ancient bones are useful only when they contain no chemical elements.
- C) All animals in the past ate exactly the same foods.
- D) Scientists study bone chemistry mainly to determine the color of living animals.

RW12-M2-003

Prompt:

Some schools use outdoor classrooms for lessons in science, writing, and art. Learning outside can make activities feel more connected to real-world observation, but outdoor classes require planning for weather, noise, and materials. Without such planning, the setting can distract from the lesson rather than support it.

Question:

Which choice is the best inference from the text?

- A) Outdoor classrooms can enrich lessons, but they are most effective when carefully planned.
- B) Outdoor classrooms prevent students from making observations.
- C) Weather and noise are never relevant to outdoor lessons.
- D) Schools should use outdoor classrooms only when no materials are needed.

RW12-M2-004

Prompt:

A student's draft about writer James Baldwin includes the following sentences.

Baldwin's essays often connect personal experience to larger questions about race, identity, and democracy. By beginning with individual memories or encounters, Baldwin could make broad social issues feel immediate and morally urgent.

Question:

What is the main function of the second sentence in the text?

- A) It explains how Baldwin's use of personal experience strengthens his discussion of social issues.
- B) It argues that Baldwin avoided writing about public life.
- C) It lists the places where Baldwin wrote each essay.
- D) It shows that individual memories cannot connect to broad questions.

RW12-M2-005

Prompt:

A researcher compared the average number of minutes students spent using four parts of an online math practice site before and after a progress dashboard was added.

Site feature | Before dashboard | After dashboard

Skill review | 16 | 23

Practice tests | 28 | 34

Video hints | 31 | 26

Error log | 12 | 20

Question:

Which choice best describes the data?

- A) Students spent more time on skill review, practice tests, and the error log after the dashboard was added, but less time on video hints.
- B) Students spent less time on all four site features after the dashboard was added.

- C) Video hints had the greatest increase after the dashboard was added.
- D) Skill review and error log had the same time after the dashboard was added.

RW12-M2-006

Prompt:

A community art project can make a blank wall more inviting and give residents a shared creative experience. _____ if the planning process does not include nearby residents, the finished mural may not reflect the community it is meant to represent.

Question:

Which choice completes the text with the most logical transition?

- A) However,
- B) Similarly,
- C) For example,
- D) Therefore,

RW12-M2-007

Prompt:

The guide describes three signs that a houseplant may need more light _____ pale new growth, long weak stems, and leaves leaning toward a window.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) light
- B) light:
- C) light,
- D) light;

RW12-M2-008

Prompt:

Comparing the two drafts of the essay, _____.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) several stronger topic sentences appeared in the second draft
- B) the second draft had several stronger topic sentences
- C) the tutor noticed several stronger topic sentences in the second draft
- D) there were several stronger topic sentences in the second draft

RW12-M2-009

Prompt:

The curator consulted the lighting designer before the gallery opened, and _____ agreed that one sculpture needed softer light.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English and avoids ambiguity?

- A) they
- B) the curator
- C) she
- D) it

RW12-M2-010

Prompt:

By the time the neighborhood meeting began, the organizers _____ copies of the agenda on every

chair.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) place
- B) have placed
- C) had placed
- D) placing

RW12-M2-011

Prompt:

While researching a topic, a student has taken the following notes:

- Hertha Marks Ayrton was an engineer, inventor, and physicist.
- She studied electric arcs, which were used in early lighting technology.
- Ayrton developed improvements that made arc lamps steadier and quieter.
- She also invented a fan used to clear poisonous gas from trenches during World War I.
- Her work combined scientific research with practical problem-solving.

The student wants to explain Ayrton's practical contributions. Which choice most effectively uses relevant information from the notes?

- A) Hertha Marks Ayrton applied scientific research to practical problems, improving arc lamps and inventing a fan used to clear gas from trenches.
- B) Hertha Marks Ayrton studied electric arcs, a topic connected to early lighting technology.
- C) World War I included trench warfare, which created many dangerous conditions.
- D) Engineers, inventors, and physicists sometimes study related subjects.

RW12-M2-012

Prompt:

A student is revising an essay about schools using adjustable-height desks. The student wants to add a sentence that explains a possible advantage of these desks. Which choice best accomplishes this goal?

- A) Adjustable-height desks can let students work while sitting or standing, allowing more flexibility during class.
- B) Desks can be made from wood, metal, plastic, or a combination of materials.
- C) Some classrooms arrange desks in rows, groups, or circles.
- D) Adjustable-height desks may have handles, buttons, or other controls.

RW12-M2-013

Prompt:

The following text is from a draft of a student's essay.

(1) Some ecologists study vernal pools, temporary pools of water that form in certain seasons. (2) These pools may appear after snowmelt or heavy spring rain. (3) Because many vernal pools dry up later in the year, fish often cannot survive in them. (4) This lack of fish can make the pools important breeding sites for frogs and salamanders.

Question:

Where should the following sentence be placed to best support the logical flow of the paragraph?

Without fish, eggs and larvae of some amphibians face fewer predators.

- A) After sentence 1

- B) After sentence 2
- C) After sentence 3
- D) After sentence 4

RW12-M2-014

Prompt:

The student's conclusion was not _____; rather than simply repeating the thesis, it explained why the evidence should matter to readers beyond the classroom.

Question:

Which choice completes the text with the most logical and precise word?

- A) mechanical
- B) recent
- C) public
- D) silent

RW12-M2-015

Prompt:

Researchers studying a river found that sections with restored gravel beds had more salmon nests than sections where the river bottom was covered mainly with fine silt. Because salmon often lay eggs in gravel, the researchers concluded that restoring gravel habitat may support salmon reproduction.

Question:

Which choice best describes the relationship between the evidence and the researchers' conclusion?

- A) The higher number of salmon nests in restored gravel sections supports the conclusion that gravel habitat may aid reproduction.
- B) The evidence proves that salmon can lay eggs only in rivers with no current.
- C) The conclusion rejects the idea that river-bottom conditions affect salmon nesting.
- D) The evidence shows that fine silt always produces more salmon nests than gravel does.

RW12-M2-016

Prompt:

The announcement explains the new parking rules, _____ it also includes a map of student parking areas.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) rules, it
- B) rules and
- C) rules; and
- D) rules, and

RW12-M2-017

Prompt:

A school tested two hallway sign designs to see which helped visitors find classrooms faster. Visitors were assigned to use either Design A or Design B and asked to locate the same set of rooms. Visitors using Design A found the rooms in less time on average than visitors using Design B.

Question:

Which conclusion is best supported by the text?

- A) Under the conditions tested, Design A helped visitors find classrooms faster than Design B did.
- B) Design B contained no classroom information.

- C) Visitors using Design A were asked to find different rooms from those using Design B.
D) Hallway signs cannot affect how quickly visitors find classrooms.

RW12-M2-018

Prompt:

The article first explains that some communities use rain sensors to prevent sprinklers from running during wet weather. _____ it describes a town where rain sensors helped reduce unnecessary water use in public parks.

Question:

Which choice completes the text with the most logical transition?

- A) Then,
B) Even so,
C) In contrast,
D) Nevertheless,

RW12-M2-019

Prompt:

The binder of emergency procedures _____ evacuation maps, contact lists, and first-aid instructions.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) include
B) includes
C) including
D) are including

RW12-M2-020

Prompt:

The _____ shell has ridges that help it blend with the rough bark of the tree trunk.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) beetle's
B) beetles
C) beetles'
D) beetles'

RW12-M2-021

Prompt:

While researching a topic, a student has taken the following notes:

- The Tuskegee Airmen were Black military pilots and support personnel during World War II.
- They trained at Tuskegee Army Air Field in Alabama.
- They served in a segregated military.
- Their performance challenged racist assumptions about Black pilots.
- Their service contributed to later efforts to desegregate the US armed forces.

The student wants to explain the historical significance of the Tuskegee Airmen. Which choice most effectively uses relevant information from the notes?

- A) The Tuskegee Airmen served successfully in a segregated military, challenging racist assumptions and contributing to later desegregation efforts.

- B) The Tuskegee Airmen trained at Tuskegee Army Air Field in Alabama during World War II.
- C) Military pilots and support personnel perform different duties during wartime.
- D) The US armed forces used many training sites during World War II.

RW12-M2-022

Prompt:

A student is revising the following sentence.

The school's community garden supplies vegetables to the cafeteria, and students learn about plant care there.

The student wants to emphasize that the garden both supports the lunch program and provides hands-on learning. Which choice best revises the sentence to accomplish this goal?

- A) By supplying vegetables to the cafeteria, the school's community garden supports the lunch program while giving students hands-on experience with plant care.
- B) The school's community garden has vegetables, and students sometimes go there.
- C) Vegetables from the community garden are used in the cafeteria, which serves lunch.
- D) Students can learn about plants in gardens, and cafeterias can serve vegetables.

RW12-M2-023

Prompt:

At the back of the music room, Arjun found a dented trumpet case with a faded name tag. The instrument inside was missing two valves, but the velvet lining still held the shape of the trumpet. Arjun imagined the former owner carrying it down the same hallway, nervous before a first concert.

Question:

Which choice best describes what the text suggests about Arjun?

- A) He imagines the experience of an earlier student connected to the trumpet case.
- B) He plans to perform with the broken trumpet at a concert that day.
- C) He is certain that the trumpet belonged to his closest friend.
- D) He thinks the faded name tag makes the case less interesting.

RW12-M2-024

Prompt:

The librarian grouped the new books by topic, _____ students to find related titles more easily.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) allowing
- B) allowed
- C) allows
- D) and allowing

RW12-M2-025

Prompt:

Because several witnesses gave conflicting descriptions of the bicycle, the officer reviewed nearby camera footage to _____ its color and model.

Question:

Which choice completes the text with the most logical and precise word?

- A) confirm
- B) imitate
- C) postpone
- D) decorate

RW12-M2-026

Prompt:

The field manual describes three ways to document a bird sighting: noting the location, recording the time of day, and _____.

Question:

Which choice completes the text so that it conforms to the conventions of Standard English?

- A) describing the bird's markings
- B) the bird's markings were described
- C) to describe the bird's markings
- D) described the bird's markings

RW12-M2-027

Prompt:

While researching a topic, a student has taken the following notes:

- Salt-tolerant grasses can grow in areas where soil contains high levels of salt.
- Their roots can help hold soil in place.
- Some grasses provide cover for small animals.
- Salt-tolerant grasses are used in some coastal restoration projects.
- These grasses may help stabilize areas affected by storm surge.

The student wants to emphasize how salt-tolerant grasses can support coastal restoration. Which choice most effectively uses relevant information from the notes?

- A) Salt-tolerant grasses can support coastal restoration by helping hold soil in place and stabilizing areas affected by storm surge.
- B) Salt-tolerant grasses grow in soils that contain high levels of salt.
- C) Some small animals may use grasses for cover in coastal areas.
- D) Coastal restoration projects can include several kinds of plants and planning methods.

PART C — MODULE 1 ANSWER KEY + EXPLANATIONS

RW12-M1-001 — Correct: replace — Explanation: Clark used research and education to exchange common fears about sharks for more accurate scientific understanding.

RW12-M1-002 — Correct: Water-bottle refill stations can reduce waste and help students access drinking water. — Explanation: The passage explains that refill stations reduce disposable bottle use and help students stay hydrated.

RW12-M1-003 — Correct: was — Explanation: The singular subject “stack” requires the singular verb “was.”

RW12-M1-004 — Correct: The Digital photos workshop had the greatest attendance. — Explanation: Digital photos had 34 attendees, more than the other workshops.

RW12-M1-005 — Correct: Lena turns an unexpected mark into part of her artwork. — Explanation: Lena first sees the leaf mark as a problem but then uses leaf patterns as the design.

RW12-M1-006 — Correct: It explains how changing horses helped speed mail delivery. — Explanation: The quoted sentence explains that rested horses allowed riders to keep mail moving quickly over long distances.

RW12-M1-007 — Correct: In addition, — Explanation: The second sentence adds another feature of the after-school art studio.

RW12-M1-008 — Correct: a — Explanation: “Small mammal” begins with a consonant sound, so “a” is correct.

RW12-M1-009 — Correct: they — Explanation: The subject pronoun “they” correctly refers to the volunteers as the people carrying the boxes.

RW12-M1-010 — Correct: Toshiko Akiyoshi, a jazz pianist and composer, became known for music that blends jazz with Japanese musical influences. — Explanation: This choice introduces Akiyoshi and describes the distinctive blend in her music.

RW12-M1-011 — Correct: However, — Explanation: The sentence contrasts the benefit of the dog park with neighbors' concern about parking.

RW12-M1-012 — Correct: where it is now. — Explanation: Sentence 2 logically follows the collected food scraps by explaining how they become compost.

RW12-M1-013 — Correct: thanked — Explanation: "During yesterday's assembly" requires the past-tense verb "thanked."

RW12-M1-014 — Correct: Covered — Explanation: "Covered in bright orange paint" correctly modifies "the construction cones."

RW12-M1-015 — Correct: early because the guest — Explanation: "Because" correctly introduces the reason the meeting ended early.

RW12-M1-016 — Correct: prioritize — Explanation: The committee uses reports and comments to decide which locations should be addressed first.

RW12-M1-017 — Correct: Bicycle repair workshops can teach maintenance skills and help keep bikes working. — Explanation: The passage explains that volunteers teach repair skills that help riders keep bicycles usable.

RW12-M1-018 — Correct: It helps seals stay warm in cold water. — Explanation: The text states that blubber helps seals stay warm in cold ocean water.

RW12-M1-019 — Correct: The school opened a quiet lunch room where students can eat, read, or take a break from the crowded cafeteria. — Explanation: This choice combines the ideas clearly and avoids a comma splice.

RW12-M1-020 — Correct: Francis La Flesche, an Omaha ethnologist and writer, documented Omaha language, music, traditions, and history. — Explanation: This choice introduces La Flesche and identifies the focus of his work.

RW12-M1-021 — Correct: Thursday had the greatest number of questions answered. — Explanation: Thursday had 27 questions answered, more than the other sessions.

RW12-M1-022 — Correct: To give examples of what students did during the robotics showcase — Explanation: The sentence lists student actions at the showcase: explaining designs, demonstrating sensors, and answering questions.

RW12-M1-023 — Correct: that — Explanation: "That" correctly introduces the clause identifying which mural covers the back wall.

RW12-M1-024 — Correct: to create — Explanation: The phrase completes the parallel structure: "to choose," "to gather," and "to create."

RW12-M1-025 — Correct: audible — Explanation: A better microphone would make the speaker's voice easier to hear.

RW12-M1-026 — Correct: School libraries give students access to books, research tools, quiet study spaces, and guidance from librarians. — Explanation: This sentence clearly introduces the essay's focus on the value of school libraries.

RW12-M1-027 — Correct: As a result, — Explanation: Easier movement between sidewalks and streets is presented as an effect of adding curb cuts.

PART D — MODULE 2 ANSWER KEY + EXPLANATIONS

RW12-M2-001 — Correct: unsettles — Explanation: Tompkins's asymmetrical quilts challenge the expectation that quilts must use predictable patterns.

RW12-M2-002 — Correct: Chemical evidence in ancient bones can help scientists study past diets and environments. — Explanation: The passage explains that preserved chemical ratios can reveal foods eaten and environmental differences.

RW12-M2-003 — Correct: Outdoor classrooms can enrich lessons, but they are most effective

when carefully planned. — Explanation: The text says outdoor settings can support observation but require planning for weather, noise, and materials.

RW12-M2-004 — Correct: It explains how Baldwin’s use of personal experience strengthens his discussion of social issues. — Explanation: The sentence explains that individual memories make broad social issues feel immediate and urgent.

RW12-M2-005 — Correct: Students spent more time on skill review, practice tests, and the error log after the dashboard was added, but less time on video hints. — Explanation: Time increased for three features and decreased for video hints from 31 to 26 minutes.

RW12-M2-006 — Correct: However, — Explanation: The sentence contrasts the benefits of a community art project with a possible problem if residents are not included.

RW12-M2-007 — Correct: light: — Explanation: A colon correctly introduces the list of three signs that a houseplant needs more light.

RW12-M2-008 — Correct: the tutor noticed several stronger topic sentences in the second draft — Explanation: The introductory modifier “Comparing the two drafts” must logically describe “the tutor.”

RW12-M2-009 — Correct: the curator — Explanation: Repeating “the curator” avoids ambiguity about whether “they” refers to the curator and lighting designer together.

RW12-M2-010 — Correct: had placed — Explanation: The past perfect tense shows that the organizers placed the agendas before the meeting began.

RW12-M2-011 — Correct: Hertha Marks Ayrton applied scientific research to practical problems, improving arc lamps and inventing a fan used to clear gas from trenches. — Explanation: This choice explains Ayrton’s practical contributions in lighting technology and wartime safety.

RW12-M2-012 — Correct: Adjustable-height desks can let students work while sitting or standing, allowing more flexibility during class. — Explanation: This sentence directly explains a possible advantage of adjustable-height desks.

RW12-M2-013 — Correct: After sentence 3 — Explanation: The added sentence explains why the absence of fish matters before sentence 4 identifies the pools as breeding sites.

RW12-M2-014 — Correct: mechanical — Explanation: The conclusion does more than repeat the thesis, so it is not mechanical.

RW12-M2-015 — Correct: The higher number of salmon nests in restored gravel sections supports the conclusion that gravel habitat may aid reproduction. — Explanation: The evidence links restored gravel beds with more salmon nests and supports the reproduction conclusion.

RW12-M2-016 — Correct: rules, and — Explanation: A comma plus “and” correctly joins two independent clauses.

RW12-M2-017 — Correct: Under the conditions tested, Design A helped visitors find classrooms faster than Design B did. — Explanation: Visitors using Design A located the same rooms in less time on average.

RW12-M2-018 — Correct: Then, — Explanation: The paragraph moves from a general explanation of rain sensors to a specific town example.

RW12-M2-019 — Correct: includes — Explanation: The singular subject “binder” requires the singular verb “includes.”

RW12-M2-020 — Correct: beetle’s — Explanation: The sentence refers to one beetle’s shell, so the singular possessive “beetle’s” is correct.

RW12-M2-021 — Correct: The Tuskegee Airmen served successfully in a segregated military, challenging racist assumptions and contributing to later desegregation efforts. — Explanation: This choice explains the historical significance of their service.

RW12-M2-022 — Correct: By supplying vegetables to the cafeteria, the school’s community garden supports the lunch program while giving students hands-on experience with plant care. — Explanation: This revision emphasizes both support for the lunch program and hands-on learning.

RW12-M2-023 — Correct: He imagines the experience of an earlier student connected to the trumpet case. — Explanation: Arjun imagines the former owner carrying the trumpet down the

same hallway before a concert.

RW12-M2-024 — Correct: allowing — Explanation: The participle “allowing” correctly shows the result of grouping the books by topic.

RW12-M2-025 — Correct: confirm — Explanation: Camera footage would help verify the bicycle’s color and model when witness descriptions conflict.

RW12-M2-026 — Correct: describing the bird’s markings — Explanation: This choice keeps the list grammatically parallel: “noting,” “recording,” and “describing.”

RW12-M2-027 — Correct: Salt-tolerant grasses can support coastal restoration by helping hold soil in place and stabilizing areas affected by storm surge. — Explanation: This choice emphasizes how the grasses help restoration by stabilizing coastal soil.
